Summary

Computer Science student at IFSC (Federal Institute of Santa Catarina) who builds and ships websites, web apps, developer tools and 3D motion videos. I work across the stack, with **React**, **Next.js** and **TypeScript** on the front end, **Node.js**, **Python** and **Java** behind it, and automated tests running in **CI on GitHub Actions**. English at C1 level. Looking for a software development **internship** or a first **junior** role.

Skills

Languages: JavaScript, TypeScript, Python, Java, SQL, HTML, CSS

Front end: React, Next.js, Tailwind CSS, GSAP, Bootstrap, responsive design, accessibility (WCAG, ARIA), UI/UX design

Back end & data: Node.js, REST APIs, MySQL, Hibernate/JPA, TCP/UDP sockets

Testing & DevOps: Git, GitHub, continuous integration (GitHub Actions), automated testing, Playwright, Docker, Vercel

Motion & 3D: Blender (Python scripting, Cycles), 3D animation and rendering, motion graphics, video editing, Three.js, HyperFrames, ffmpeg, Figma

AI & automation: Claude Code, OpenAI Codex, Cursor, GitHub Copilot, Gemini CLI, Ollama, LM Studio, MCP, AI agents

Projects

Ferramentas BR and Folha Simples

- Eleven Brazilian payroll calculators (net salary, severance, vacation pay, 13th salary) on the 2026 tax tables, built on a pure **JavaScript** engine covered by 187 **automated tests** that run in **GitHub Actions** on every change
- Turned the same engine into Folha Simples, an offline payroll generator sold as a digital product, with a **CI** check that keeps the bundled copy in sync

Portfolio website and motion work

- Built with **Next.js**, **TypeScript**, **Tailwind CSS** and **GSAP** in three languages; its chrome monogram is a 90-frame sequence scripted in **Blender** (Python, Cycles) and scrubbed on scroll
- Produce motion-graphics videos for clients: Blender shots rendered by script, edited in **HyperFrames**, with sound design in Python and **ffmpeg**

Guia da Serra

- Accessible, responsive travel guide in plain **HTML**, **CSS** and **JavaScript**, with search, filters, favourites in localStorage, dark mode and **ARIA**

ChatDeConversa and CrudHibernate

- **Python** group chat over **UDP multicast** with a WhatsApp-style Tkinter interface and a thread-safe network layer
- **Java** Swing CRUD app with **Hibernate/JPA** and **MySQL** (one-to-many relationship), built in a team of two

Education

B.Sc. **IFSC, Federal Institute of Santa Catarina**, Computer Science — Brazil, 2024 – present

- Coursework: object-oriented programming (Java), data structures, databases, operating systems, computer networks, web development

Experience

Gihdak, Operations Support — Brazil, 2023 – 2024

- Managed inventory and organised day-to-day operations and internal processes

Espaço Dani K, Administrative Support — Brazil, 2022 – 2023

- Supported administrative, tax and financial routines and kept business documents organised

Languages and Awards

Languages: Portuguese (native), English (C1, advanced, 10 years of study), German (basic)

Award: 3rd place, Brazilian Astronomy and Astronautics Olympiad (OBA)
